Curry Stone Prizes Are Awarded

November 10, 2013

The Curry Stone Foundation has named three winners of its 2013 Curry Stone Design Prize: Hunnarshala of Bhuj, India; Proximity Designs of Yangon, Myanmar; and Studio TAMassociati of Venice and Milan, Italy (which won for its work for Emergency, an Italian nongovernmental organization that treats injured civilians in war zones). The awards ceremony was held last week at the Contemporary Jewish Museum in San Francisco.

The annual prize, in its sixth year, will divide \$120,000 equally among the honorees, chosen for their use of design as a force for improving lives and strengthening communities.
